## DAVID COX WINS THE 1996 SNOOKER HANDICAP

David performed brilliantly in the final frame to beat Michael Cummings in the final of the 1996 Snooker Handicap. Michael began well, winning the first frame but luck was on David's side in the second when he sunk the pink to level the game score at one all. The third frame bought out the best in David & he stormed home to win the frame and match 2-1.

Michael gave an exemplary exhibition of true sportsmanship when he declared a foul shot on himself which was obscured to the spectators and referee. Michael accidentally touched a ball with his sleeve resulting in points and the shot to David.

It was a sensational finish to another wonderful tournament. The refereeing was without peer and the handicapper performed brilliantly to give more than 80% of the results on black ball games.

Congratulations to both Paddy and Doug Jordan for their tremendous effort in organising this tournament.

### Billiards Handicap

Denis Pidcock played some brilliant billiards to beat an in form John Gowran, coming from a 19 point deficit to snatch victory. Denis joins Mike Fitzgerald and Andrew Griffin in the final four to be joined by the winner of Mark Twigg v Adrian Abbott.

### Prime Appointments Trophy

Bob Greenwood has had a wonderful run to secure a place in the final of the Prime Appointments Trophy. Bob defeated Chris Bell 2-1 in an exciting quarter final but must wait for the other half tournament to catchup. Ron Rogers faces some stiff competition on the way to the final, after beating Andrew Bald 2-0 in the opener. To reach the final Ron will have to beat John Simpson and Barry Jarrett, both very hard players.

### 1996 Presentation Dinner - 27 November 1996

Members will soon be receiving their invitations to the Presentation Dinner to be held on 27 November. The cost will be \$40 which includes a three course meal and drinks plus entertainment by the Irish Band "Claddagh". Of course guests both male and female are welcome.

### Golfers End of Year Luncheon

## The no-tie Dinner Shirt

You may have glimpsed them at the last Academy Awards. Dinner shirts without ties. Yet just as formal, just as elegant, just as right - as the occasion demands. The Man from Maloney suggests that they can also be worn with jeans 'a la casual'.

The point is, these shirts are remarkably versatile. You can dress them up or down. They are obviously not just a Hollywood phenomenon either. The No-Tie Dinner Shirt is *de rigueur* at chic European gatherings too.

Ask Vince about the NTDS next time you're in.

## Valet

Mr Paul Sydney Blake, known to his many friends at Tattersall's as "Blakie", followed the family tradition and was an active member of the Club for 34 years.

A keen member of our Swimmers he represented Tattersall's in many events over the years. His love of life will ensure his friends and family remember him with great affection.

We were notified during the month of the passing of Club member Mr Phillip Ernest Lucock aged 80 years.

Phillip had a distinguished career serving as the Federal Member for Lyne for 28 years, during these years he served as Deputy Speaker of the House of Representatives and as Chairman of Committees. Awarded the CBE in 1971 he retired from parliament in 1980 and spent his active retirement in Wingham, the family home for 47 years.

## FITNESS ASSESSMENTS in the Athletic Department

**M**edifit Australia is dedicated to the concept of improving the health and fitness of individuals and will be available in the Athletic Department to conduct fitness assessments for Tattersall's Club Members.

**We** urge members to undergo a fitness assessment because it is a vital form of preventative medicine.

**The** media catch cries of the nineties have been "cholesterol", "high blood pressure", "stress", "diabetes", "obesity" and of course "heart disease". Find out how to reduce your risk - book in for a fitness assessment.

**A** status report on your current health level will highlight your strengths and weaknesses, thus giving you the opportunity to modify your habits and enjoy a high quality of life.

**During** the confidential counselling session that follows your assessment, the Specialist Fitness Consultant will recommend ways in which to improve your health through exercise, nutrition and other positive lifestyle habits.

**Other** important benefits of fitness assessments include knowing your cardiovascular fitness (aerobic capacity) which will then be used as a guide for exercise. Such information will enable your exercise programme to be set at a level suitable for you, that is, you'll ensure that the exercise programme will be at a level which is both safe and effective - so you'll get results.

**\$60 PER PERSON**

**Ensure that your effort isn't wasted!  
Book in for a fitness assessment today!**
